DECORATIVE STEEL FABRICATION

Fabrication is available in standard sizes and colours, Rustic, Black and White. All fabrication can also be fully custom designed and made to specification. The possibilities are endless, from standard cut out to illumination signs. We service the residential sector as well as the corporate sector.

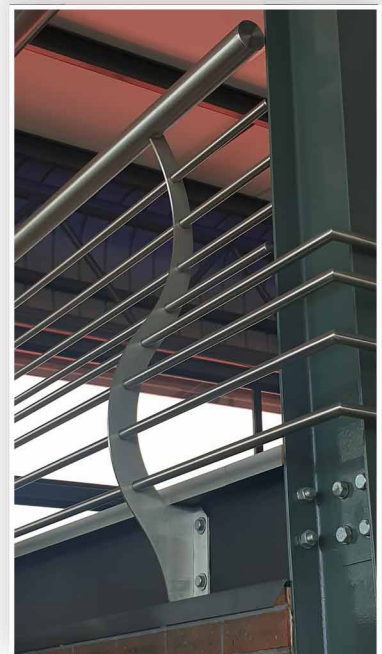

DECORATIVE STEEL BALUSTRADING

These Artisan hand crafted steel balustrading's are specifically designed with that achitectural flair and elegance in mind turning safety into beauty, with its solid stainless frame.

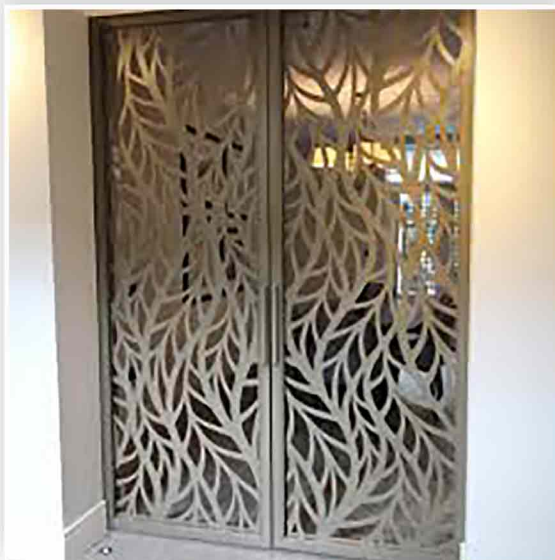

They have multiple purposes from residential to commerical to retail. Ensuring you will always stand out from the crowd with these fit to purpose customised designs.

DECORATIVE STEEL ACCESS GATES

Bespoke designs come to life when these unique access gates go into manufacture. Beautifully fabricated from durable steel, all these access gates will offer the strength and security you expect. Along with the additional benefits of powder coating, this offers an extended longevity and protection against the elements.

ABOUT US

Local South African based company passionate about outdoor life, nature and adventure. We strive to service our customers to the best of our ability and are driving a brand with quality and consistency.

Our factory is based in Gauteng with focus on direct to market as well as retail. We also assist with specifications direct to architects, property developers and various professionals when required. We are able to customise any braai, boma or fabrication request.
